

ROYAL HIGHLAND SHOW

2011

DAIRY CATTLE PRIZE LIST

Classes for: Ayrshire, British Red and White, Holstein, Jersey, Shorthorn, Dairy Calves and Showmanship

Note that Stall Reservations close on 7th April

DAIRY CATTLE

Stall Reservations Close 7th April

ANIMAL HEALTH REGULATIONS FOR CATTLE

Exhibitors' attention is drawn to regulation (i) stating that:

In the event of new Animal Health Legislation being enacted between the date of preparation of this Prize List and the date of the Royal Highland Show, then Exhibitors will be expected to abide by any new conditions of that legislation.

(a) **Brucellosis**

Cattle from herds which are not under any restrictions may enter the Show. No movement permits are required.

Exhibitors must notify the Society's Official Veterinary Surgeons if any of their cattle calve or show evidence of calving at the Show. The animals will then be placed in the approved isolation boxes pending their possible early removal from the Showground. The decision of the Official Veterinary Surgeons in such cases will be final and they will also have absolute control of the boxes. Where an animal calves at full term a blood sample and a vaginal swab will be taken and examined at an approved laboratory. If the Rose Bengal Test (RBT) and microscopical examination of a smear made from the vaginal swab are negative, the animal may return to the Show lines provided permission is granted by the Official Veterinary Surgeons.

WHERE AN ANIMAL CALVES PREMATURELY OR ABORTS, THE CHIEF STEWARD, OFFICIAL VETERINARY SURGEONS AND DIVISIONAL VETERINARY MANAGER MUST BE INFORMED IMMEDIATELY. THE ANIMAL WILL BE PLACED IN ISOLATION IN APPROVED ACCOMMODATION, AND THE FULL RANGE OF SAMPLES (INCLUDING, IF AT ALL POSSIBLE, A PLACENTAL SMEAR) SHALL BE TAKEN. THE ANIMAL WILL NOT BE ALLOWED TO TAKE PART FURTHER IN THE SHOW, AND ONCE FIT TO TRAVEL MUST RETURN HOME TO ITS REGISTERED PREMISES, OR, ALTERNATIVELY, BE RETAINED UNTIL THE END OF THE SHOW IN ISOLATION AND RETURNED WITH THE OTHER COMPETING ANIMALS FROM THE SAME PREMISES. ALL OTHER BOVINE ANIMALS FROM THE SAME REGISTERED PREMISES WILL NOT BE ALLOWED TO COMPETE FURTHER UNTIL NEGATIVE RESULTS FROM CERTAIN TESTS CARRIED OUT BY THE VETERINARY INVESTIGATION CENTRE (RBPT AND MICROSCOPIC EXAMINATION OF A VAGINAL SMEAR FROM THE ABORTED ANIMAL) HAVE BEEN RECEIVED. THEY CAN BE RETURNED HOME WITH THE SUSPECT ANIMAL AT THE END OF THE SHOW.

(b) **IBR (Infectious Bovine Rhinotracheitis)**

Separate facilities will NOT be provided for cattle in the Scheme's IBR Category.

(c) **Notifiable Disease**

Any animal which shows signs suggestive of a notifiable disease, e.g. FMD, B.S.E., must immediately be reported to the Society's Official Veterinary Surgeons and/or Chief Steward who will then inform the Divisional Veterinary Manager. All requests and instructions by the Official Veterinary Surgeons, the Chief Steward or the Divisional Veterinary Manager concerning the suspected animal must be complied with.

(d) **Double Ear Tagging**

Any animal born or imported on or after 1st January 1998 must have been double ear tagged, as required by the Cattle Identification Regulations 1998 (as amended).

(e) **Cattle Identification (Notification of Movement) (Scotland) Amendment Regulations 2002**

Cattle Passports

The CPHH No. for the Royal Highland Showground is 84/582/8012/01.

(i) **Animals from Great Britain (excluding the Isle of Man, the Channel Islands and Northern Ireland)**

All Cattle must be accompanied by the appropriate passport document to and from the Royal Highland Show.

These documents are, where relevant:

- BCMS issued chequebook-style passports
- Blue/green cattle passports
- Buff-coloured Certificates of CTS Registration

(ii) Animals from the Isle of Man, the Channel Islands and Northern Ireland

Animals travelling directly to the Royal Highland Show: In respect of competitive animals, exhibitors must supply, on each entry form, complete information regarding an animal's breed, sex, date of birth, ear tag number and name and ear tag number of genetic dam. Similar information regarding breed, sex, date of birth, ear tag number and name and ear tag number of genetic dam must also be supplied in respect of accompanying progeny, at the time of making entry. This information will be passed to British Cattle Movement Service, in order that they may issue a passport in respect of each animal which will be coming to the Royal Highland Show. Passports must be completed by the exhibitor in accordance with the instructions issued to them by British Cattle Movement Service.

Animals not travelling directly to the Royal Highland Show: Exhibitors should satisfy themselves that they have made their own provisions to obtain a passport, issued by British Cattle Movement Service, in respect of each animal which will be coming to the Royal Highland Show, and that this document will travel with each animal, and be completed by the exhibitor in accordance with the instructions issued to them by British Cattle Movement Service.

Animals for which details have not been notified as detailed in the foregoing paragraphs may NOT be brought to the Royal Highland Show.

(iii) Animals from the Republic of Ireland and other EU Member States

In addition to completing and submitting entry forms, exhibitors bringing animals to the Royal Highland Show from the Republic of Ireland or other EU Member States should separately notify this Society, in writing, by no later than 24th April 2011. Following receipt of such notification, requirements will be supplied to those exhibitors.

Animals for which details have not been notified as detailed in the foregoing paragraph may NOT be brought to the Royal Highland Show.

(f) Animal Health Certification

All animals from the Isle of Man, the Channel Islands and from outwith Great Britain must be accompanied by an Animal Health Certificate issued by the Veterinary Service in their country of origin. Any such animals arriving from other Shows in Great Britain must also be accompanied by a Special Movement Licence.

On Wednesday 22nd June, the Divisional Veterinary Manager will inspect the animals and will require to have sight of the Animal Health Certificate and, where applicable, the Special Movement Licence.

Owners of animals being re-exported directly from the Royal Highland Show should contact the Society's Official Veterinary Surgeons who will issue an Export Health Certificate which the animals will require for their homeward journey.

Owners of animals moving to further Shows before re-export must obtain a Special Movement Licence from the Divisional Veterinary Manager who may be contacted at the Royal Highland Show, via the Chief Steward.

Exhibitors bringing cattle to the Royal Highland Show from the Republic of Ireland or other EU Member States are reminded that, due to current B.S.E. regulations, animals cannot be re-exported.

- (g)** Any Exhibitor from outwith the United Kingdom, including those from EU Member States, will, in addition to the Society's Health Regulations, be required to abide by all British import and export regulations. Copies of these additional requirements may be obtained from the Society's Livestock & Competitions Manager.

- (h) It is the sole responsibility of the exhibitor to ensure that their animal(s) will be eligible to return to their Member State of origin, and are accompanied by the appropriate return certification.**
- (i) In the event of new Animal Health legislation being enacted between the date of preparation of this Prize List and the date of the Royal Highland Show, then Exhibitors will be expected to abide by any new conditions of that legislation.
- (j) Any exhibitor bringing cattle to the Show from outwith Scotland must in the previous 60 days from the Show have obtained a negative TB result on all the Cattle being brought to the Show. Exhibitors from these areas will be sent the relevant paperwork to be completed by a private veterinary surgeon**

DAIRY CATTLE REGULATIONS

The Society's General Regulations 1-46 apply, except as amended and supplemented below.

Note: A line in the margin indicates where a regulation has been added or amended.

Herd Books

78. Ayrshire Cattle: Animals entered must be registered in the full pedigree section of the Herd Book or the Ayrshire Hybrid Section and be at least 50% Ayrshire blood; if Black and White in colour, animals must be registered in the Herd Book's Full Pedigree Ayrshire section. British Red and White: Any animal registered in the Ayrshire Cattle Society Herd Book or British Red and White register, but not eligible for the Ayrshire classes. British Holstein Cattle must be entered in the Herd Book; Holstein Cattle in the Herd Book or in Classes B & C of the Supplementary Register. Jersey Cattle must be entered in the UK Herd Book - or the Exhibitor must produce evidence by the closing date for entries that his animal is eligible to be registered therein. Shorthorn cattle must be registered in Coates Herd Book or when coming from another EU Member State registered in an officially approved herd book in that member state.

Eligibility of Entries

79. All Animals must be (i) the property of Exhibitor at the date of entry; (ii) entered in the appropriate Herd Books; and (iii) officially milk-recorded (excluding Jerseys and Dairy Shorthorn).

Calving Cows

80.1. Cows of all breeds shown in "in Calf" classes must be in calf when exhibited and the Society reserves the right to require exhibitors to produce a certificate from a Veterinary Surgeon to that effect.

80.2. In all breeds, animals of any age that have had a live or full term calf must be shown as Cows.

80.3. Exhibitors are reminded that the Welfare of Animals (Transport) Order 1997 makes it an offence to cause or permit the transport of an animal which has given birth within the preceding 48 hours or is likely to give birth during transport. It is also an offence to transport a newborn animal whose navel has not completely healed.

Stalling for Competitive Animals

81.1. Entry will be by reserving stalls not later than 7th April on Dairy Cattle Stall Booking Form.

81.2. No further entry fee will be required.

81.3. No individual animal details are necessary until arrival at Showground.

81.4. Completed forms giving details of animals and classes must accompany the animals to the Showground.

These forms will be sent to you prior to the Royal Highland Show.

81.5. All animals must compete in one of the breed classes.

Milk Reception

82. All cows in Milk of Dairy Breeds must be milked out in the Milking Parlour attached to the Milk Reception Centre in the Showground and the milk produced shall become the property of the Society. Exhibitors will not be allowed to use their own portable milking machines but must bring their own milking units.

Washing and Dressing Cattle

83. Cattle washing stances will be provided in the Showground and Cattle must not be washed in or near the judging rings or Cattle stalls. ELCB protected power points will be available.

Dairy Cows

84. Ayrshire, Holstein, Jersey and Dairy Shorthorn Cows entered in a class for Cows in Milk but which have not calved before the class is to be judged, shall be judged along with the Cows in Calf. Similarly Cows or Heifers entered in an "in Calf" class but which calve before the class is to be judged shall be judged along with the Cows in Milk, subject to the approval of the Official Veterinary Surgeons.

Heifers In Calf

85. Heifers entered in an "in Milk" Class, which have not calved before the Show, will be judged along with Heifers in Calf.

Milk Record Certificates/Byre Sheets

86. Milk records should be for 305 days, the standard lactation. Official Milk Record Certificates must accompany cows being brought to the Show. Cows having had only one calving must be accompanied by the byre sheet if no Official Milk Record Certificate is available. Heifers do not require Milk Record Certificates.

Arrival

87. All Dairy Cattle must be in the Showground by 4.00 p.m. on Wednesday 24th June.

Note: See also under relevant breed heading.

Recommended Hygiene Standards within the Milking Parlour Area

- All milkers should wear suitable footwear (clean, disinfected and waterproof, e.g. wellington boots), head wear (clean), milking apron (clean, disinfected and waterproof)
- No washing or clipping cows in milking area
- General personal hygiene, e.g. no smoking
- Hygienic removal of milk from cow to tank room, e.g. lid on bucket, clusters not dragging along floor
- Make full use of facilities provided, e.g. paper towels, strip cups, etc.

Cash Prizes will be awarded in the Dairy Section as follows:

Entries forward	1st	2nd	3rd	4th	5th	6th
1- 4	£140	£110	£80			
5- 7	140	110	80	£60
