## **General Guidance**

If you arrive by car, don't leave anything on display in your vehicle including sat navs, car stereos, CDs or mobile phones. Take everything with you or leave it at home.

Security staff and police officers will be patrolling both the camp sites and the car parks and each campsite will have a 'hub' with a 'hub' manager where people can report problems. The mobile police station will be on the site at Gate 1 which will be used as a reporting centre if anyone needs to report a crime.

Horseboxes and Lorries will NOT be allowed on to this site.

As no electricity is supplied. Generators can be brought however if you bring a Generator the operating times permitted for use are 07:00 – 22:30 each day and must be complied with.

Drinking water will be available on site.

Toilets and showers are available but speak to the Campsite Manager on arrival for details.

Stay Safe. Always travel in pairs and look out for your friends. A long day with hot weather in combination will tire you out. Make sure you pace yourself, drink plenty of water, eat some food that will give you some energy & minimize sun exposure.

Please respect your neighbours, any bad behaviour will result in you being evicted from the site and banned from attending the Royal Highland Show in future years. The Show looks to our Young Persons to help sustain and develop the Show for future years and expects them to lead by example to help provide an excellent Show.
